

PROJECT PLANNING PHASE

Milestone & Activity List

Date	7 November 2022
Team ID	PNT2022TMID04231
Project Name	Analytics for Hospital's Health-Care Data

MILESTONES	ACTIVITY LIST
Milestone-1	Data Collection
Milestone-2	Uploading the collected data into IBM COGNOS platform
Milestone-3	Exploring the data in IBM COGNOS
Milestone-4	Data visualization in the IBM COGNOS
Milestone-5	Creating a dashboard
Milestone-6	Displaying the data in the prepared dashboard
Milestone-7	Removing the unwanted data by filtering the dataset using python language
Milestone-8	Various ML algorithms have been used to get more accurate results
Milestone-9	Displaying the results in the required format
Milestone-10	Deploying in GitHub
